

# Got Ink? Pre-class Activity

**Introduction:** At Driftwood you will have a chance to dissect a squid. Before you dissect the squid there are a few words that you should get familiar with. During the class, you will learn the definitions, but with this word find you will have a chance to hear and see the word a couple times.

**Directions:** See how many of the words from the word bank you can find!

## Ah, You Made Me Ink!

**Word Bank:**

ARMS  
 BRACHIAL HEARTS  
 CHROMATAPHORES  
 EYE  
 FINS  
 GILL  
 INK SAC

MANTLE  
 MOLLUSCA  
 SIPHON  
 SQUID  
 SUCTION CUPS  
 TENTACLES  
 LENS

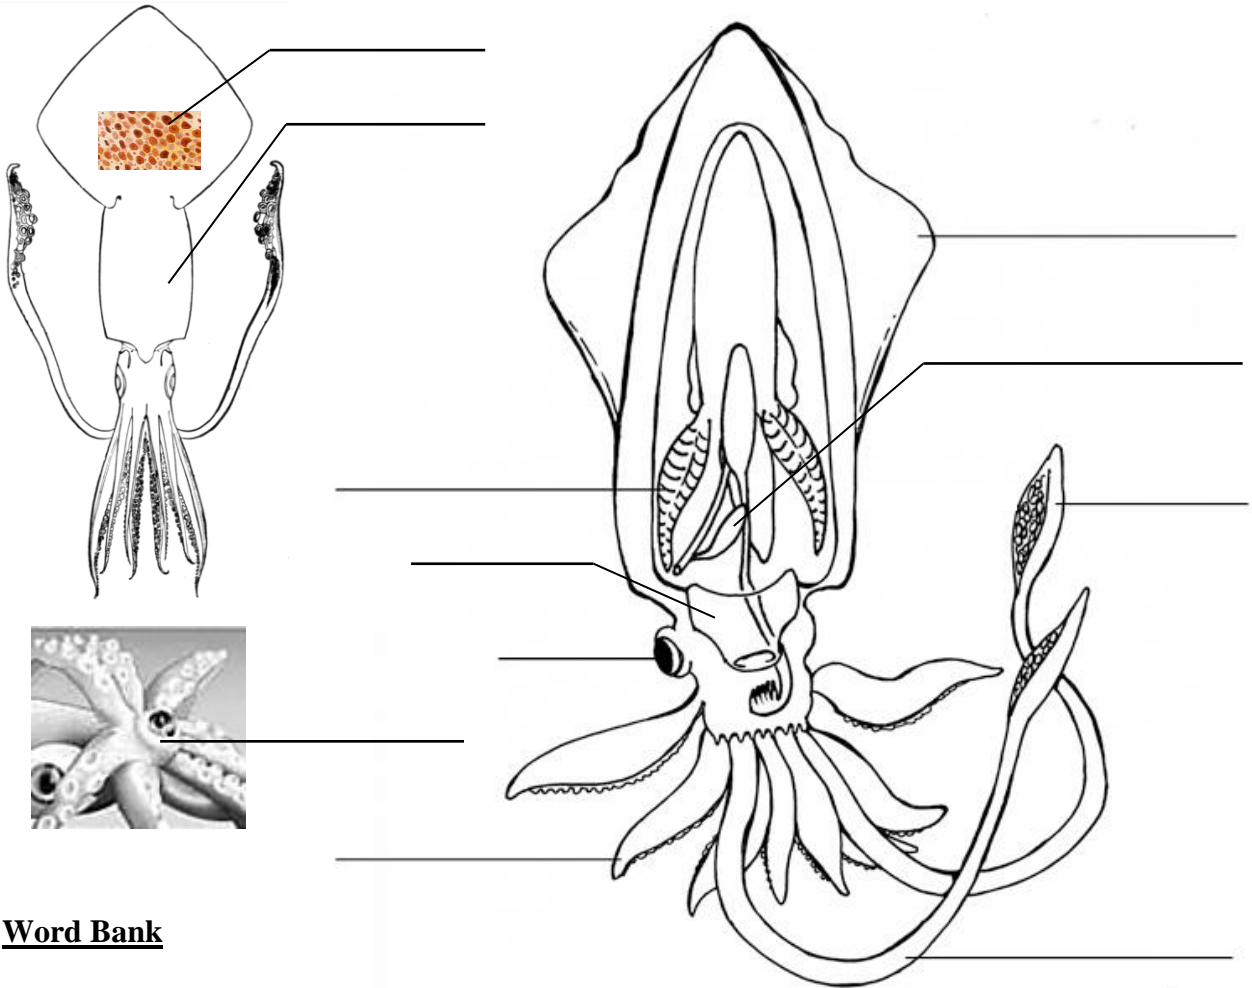

# Got Ink?

## Post-class Activity

**Directions:** Now that you had a chance to get squishy dissecting the squid, it is time to put that knowledge to the test. Use the word bank below and label the parts of the squid. Feel free to use any resources available to refresh your memory on definitions.

**Word Bank**

- |                      |                                       |              |        |
|----------------------|---------------------------------------|--------------|--------|
| Tentacles (2)        | Eyes/Lenses (2)                       | Suction cups | Siphon |
| Feather Gills        | Buccal Mass/Beak                      | Arms (8)     | Mantle |
| Ink Sac              | Chromatophores (color changing cells) |              |        |
| Internal Shell (pen) |                                       |              |        |

**Expansion:**

Name three body parts that squids use to protect themselves from predators? \_\_\_\_\_

The squid you dissected at Driftwood was caught as bycatch. What does the word "bycatch" mean? \_\_\_\_\_

How can we help reduce bycatch? \_\_\_\_\_
