

Got Ink? Pre-class Activity

Introduction: At Driftwood you will have a chance to dissect a squid. Before you dissect the squid there are a few words that you need to be familiar with. During the class, you will learn the definitions, but with this word find you will have a chance to hear and see the word a couple times.

See how many of the words from the word bank you can find!

Ah You Made Me Ink!

EYE

FINS

GILLS

INK SAC

MANTLE

MOLLUSCA

SIPHON

SQUID

SUCTION CUPS

TENTACLES

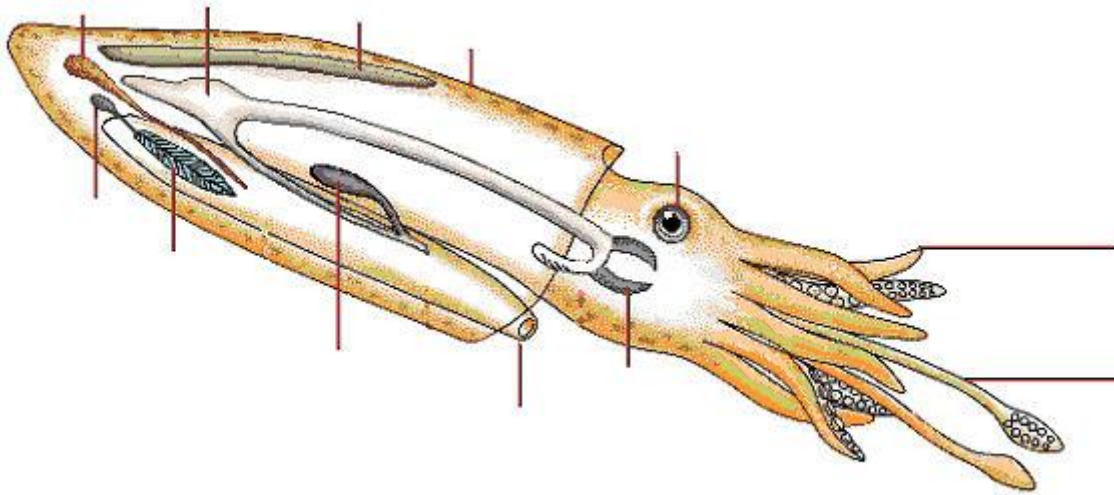

LENS

Got Ink? Post-class Activity

Directions: Now that you had a chance to get squishy with dissecting the squid, it is time to put that knowledge to the test. Use the word bank below and label the parts of the squid. Some of these parts you may not have gone over, but try your best by process of elimination.

Word Bank

- | | |
|-----------|---------------------------------------|
| Tentacles | Feather Gills |
| Arms | Brachial Hearts |
| Eye | Internal Shell |
| Beak | Stomach |
| Gonad | Ink Sac |
| Mantle | Chromatophores (color changing cells) |

Expansion: The squid you dissected at Driftwood was caught as bycatch. What does the word "bycatch" mean? How can we help reduce bycatch?
